This is a true winner. I wait all year long for these few weeks in July. I am talking about Debbie Wong's Valencia Pride Mangoes. I know there are lots of mangoes out there but nothing can compare to this when ripe and ready. Each one is covered with a paper bag on the tree to preserve the beautiful outer skin. The flesh inside is bright orange and is basically fiber-less. The pit is very thin which allows for a great yield. They are only around for a few weeks. Don't miss out!!!
