- **Round/Slicing Tomatoes** – Hurricanes in FL have devastated much of the East coast crop. We will see a heavy pull on West coast product to help fill their gap. Product may be limited and prices will be up over the coming weeks.
- **Mushrooms** – Like tomatoes, hurricanes back East have hurt their supply so there is a heavy pull from the West to cover. Prices will be up
- **Leafy Greens/Herbs** – Still some remaining fallout from the high heat and seasonal transition.
